A POPULAR CHOICE FOR USE IN LININGS, FURNITURE AND JOINERY

AVAILABLE IN A SELECTION OF THICKNESSES

**TAKES KNOCKS WELL AND CAN BE FINISHED WITH STAIN,
POLYURETHANE, OIL OR PAINT**

bbi REDLINE PLYWOOD IS AN FSC® CERTIFIED PRODUCT

REDLINE is a new and exciting part of bbi's range of domestic and imported plywood. It has attractive faces, making it an excellent choice for internal linings and joinery.

The bbi plywood range is one of the most comprehensive in New Zealand. Together with RedLine, the range covers uses from general construction and form work to joinery and lining.

bbi REDLINE - Poplar Core

This popular and economical lining ply has an attractive face. The hardwood veneer is pressed onto a poplar core giving it an appealing aesthetic while keeping the cost of the product to an affordable level.

- Cost-effective interior lining solution – no stopping or sanding required
- Pre-sanded faces take stain, polyurethane, oil and paint well
- Strong enough to hang shelving, tools and bicycles and takes knocks well

These qualities make RedLine ideal for industrial buildings and garages.

SHEET SIZE	THICKNESS
2400 x 1200 mm	9 / 12 mm
2700 x 1200 mm	9 mm

bbi REDLINE - Solid Hardwood

For joinery and higher spec requirements we recommend our RedLine Solid Hardwood with a thicker veneer, phenolic glue and a hardwood core.

SHEET SIZE	THICKNESS
2440 x 1220 mm	18 mm

Note:

The products are manufactured using E0 glues.

The products are non structural and untreated limiting them to interior use.
